

Dear Cheryl Castle,

September 9, 2014

Thank you for your letter dated August 26, 2014.

I apologize for the tardiness in my reply.

We have found that the young men graduating from St. Mary's School in Bellevue, Nebraska are well prepared to meet the challenges of our college preparatory program here at Mount Michael Benedictine School.

The young men make a smooth transition from their eighth grade year to our setting. They do very well academically, have good discipline skills and positive attitudes needed to succeed.

We have also found that they have a strong spiritual foundation and faith. Many of them are leaders here at Mount Michael. These young men are active and positive in their contributions to our school community.

I hope these are the comments you were looking for.

Please let me know if I can be of further assistance.

Take care,

Dave Peters
